ABOUT THE UNIVERSITY

Uttar Pradesh Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go-Anusandhan Sansthan (DUVASU), Mathura was established by Government of Uttar Pradesh through the Act No. 27 of 2001 on October 25, 2001, by carving out all the units of College of Veterinary Science and Animal Husbandry from C.S. Azad University of Agriculture & Technology, Kanpur. The College of Veterinary Science and Animal Husbandry, Mathura became its first constituent college. The parent institution of this University had the distinction of being the first Veterinary College set up before independence of India on 16th January 1947. It was the first Veterinary College in Asia to start with degree programme in Veterinary Science and to start M.V.Sc/M.Sc degree programmes in various disciplines of Veterinary and Animal Sciences in 1951 and thereafter started Ph.D. degree programmes.

The University has been named after a great visionary and statesman - Pt. Deen Dayal Upadhyaya, whose native place is in close proximity to Mathura, propounded the philosophy of “Integrated Humanism”. He emphasized that the modern advances in science and technology should be oriented to uplift the economy of rural India and farming community. He was a connoisseur of traditional wisdom of Indian thinkers and a great supporter of natural resource management in crop and animal husbandry.

The mandate of the University is to (a) impart quality education in Veterinary and allied sciences (b) undertake need-based and basic research and (c) provide extension services to disseminate the research findings and knowledge to farmers and livestock owners.

The University, spread over an area of 782.34 acres, is located in Mathura cantonment and is about 5 km from Mathura railway junction and 3.5 km from roadways bus stand. The main campus appears impressive with the buildings of College of Veterinary Science & Animal Husbandry, College of Biotechnology, College of Fisheries Science, College of Dairy Technology, Institute of Para - Veterinary Sciences, Krishi Vigyan Kendra, University Library, Nand Bhawan, Referral Super-speciality Veterinary Hospital (Kothari Hospital), health centre, educational museum, three guest houses, eleven hostels, auditorium, gymnasium, helipad, residential colonies, herbal garden, nakshatra vatika, street lighting, independent water supply, primary school, medical shop, canteen, bank, ATMs and post office. In addition, the University, on its own campus, has Livestock Farm Complex (LFC) with more than 500 indigenous cows, Murrah and Nili Ravi buffaloes, goat farm having more than 600 goats of ten different breeds and poultry farm with more than 2500 birds, Go - Anusandhan Sansthan, horse stable with riding field and agriculture farm. The other agriculture farm of approximately 1400 acres is located at Madhuri Kund on Govardhan road about 30 km from the main campus.

Being located in “*Braj*”, an area where cattle, symbolized by cow, are held in high esteem, the University is unique in having special responsibilities towards promoting cow husbandry through research and technological interventions.

Placement of the University alumni is a gold standard bench mark of the successful performance of any university. DUVASU has manifested its superiority by way of almost 100 per cent placement of its students in State animal husbandry departments, banks, private sectors, R&D, academic and research institutes, administrative services, Remount Veterinary Services and paramilitary forces like BSF, ITBP etc. DUVASU has come a long way in attaining the objectives for which it was established and is poised to touch the newer heights of performance and milestones of achievements. In recent years, the graduates of this college are coming with new start-ups in terms of small animal clinics and have become job providers than job seekers. During the last almost one decade, students of College of Veterinary Sciences and Animal Husbandry have been doing exceedingly well in All India Joint Entrance Examination for Post graduate scholarships/Junior Research Fellowship conducted by Indian Council of Agricultural Research, New Delhi.

Presently, degree programmes are going on in its two colleges, namely - College of Veterinary Science and Animal Husbandry and College of Biotechnology. In addition to the degree programmes, two diploma programmes i.e., Diploma in Livestock Extension and Diploma in Veterinary Pharmacy are also going on since 2013 in the Institute of Para Veterinary Sciences. The University envisages to begin with a new chapter in its journey by starting with two new colleges- College of Dairy Science and College of Fisheries Sciences from the academic Year 2024-25. The University has signed Memorandum of Understanding (MoU) with Central Institute for Research on Goats (CIRG), Makhdoom; Indian Veterinary Research Institute (IVRI), Izatnagar; National Dairy Research Institute (NDRI), Karnal; NRC Meat, Hyderabad, NIAH, Baghpat; RAJUVAS, Bikaner; Central Council for Research in Homeopathy, New Delhi; CSWRI, Avikanagar; Sanskriti University, Mathura; IARI, New Delhi; NDVSU, Jabalpur, ICAR-CARI, Izatnagar etc. In addition, University is also having Memorandum of Understanding with Oklahoma State University; Oklahoma, USA; Purdue University, West Lafayette, Indiana, USA and International Training Centre on Pig Husbandry, Lipa City, Philippines. INSTITUTE OF PARA-VETERINARY SCIENCE (Under Self-Finance Scheme)

DUVASU takes pride in having started the need-based diploma courses in Veterinary Pharmacy and Livestock Extension in the state. These diploma programmes were started with the financial support under "Rashtriya Krishi Vikas Yojna" in College of Veterinary Science & Animal Husbandry in 2013 under self-finance scheme and since then, these programmes are going on successfully. Realizing the importance of livestock resources, veterinary education has been strengthened over the years, however, in view of the limited availability of qualified veterinary graduates, it is not possible for government to make their services available in each and every village. Further veterinary doctors too require well-trained supportive staff to cater the technical services more efficiently. Veterinary Pharmacists and Livestock Extension workers are essential for efficient veterinary services which include healthcare and management of livestock including artificial insemination services at village level. They also assist in public health services and control of zoonoses, endemics and epidemics under the guidance of expert veterinary professionals.

Therefore, in view of the requirements of trained human resource in the state of U.P., DUVASU decided to establish the Institute of Para-Veterinary Science. Efforts are also going on to get this Institute fully-funded from Government of Uttar Pradesh so as to run the diploma programmes also on the similar lines as other academic programmes in College of Veterinary Science.

The Institute offers the following two academic programmes:

Name of the programme	Duration
1. Diploma in Veterinary Pharmacy (DVP)	: 2 years 3 months.
2. Diploma in Livestock Extension (DLE)	: 2 years.

Wrong/Incorrect way of marking: If more than one circle is darkened or if the response is marked in the manner other than the required, it shall be treated as wrong way of marking the answer.
